

Manufacturer Certification Statement Residential Homeowner Tax Credit

Qualified Products:

- Solectric™ Day-Light System
- Solectric™ Shed Pak System
- Solectric™ Solar Battery Charge System
- Solectric™ Eco-Breeze Solar Powered Ceiling Fan

RenCon Energy Products, Inc. certifies that the above mentioned products qualify for a 30% Federal Tax Credit for solar energy systems under photovoltaic systems as prescribed in the *Energy Improvement and Extension Act of 2008* (P.L. 110-343) as described in IRS form 5695 as follows: **“Qualified solar electric property costs.** Qualified solar electric property costs are costs for property that uses solar energy to generate electricity for use in your home located in the United States. This includes costs relating to a solar panel or other property installed as a roof or a portion of a roof. The home does not have to be your main home.”

This applies if the above mentioned products were placed into service from January 1, 2009 through December 31, 2016. All Solectric™ products must be installed per the manufacturer’s installation instructions and meet applicable fire and electrical code requirements to be eligible.

I certify that the above statements are true to the best of my knowledge. Please refer to IRS form 5695 and your tax advisor to see how this statement applies to your specific situation.

Andrew N. Smith
President
